**Volume 8041**

Proceedings of SPIE, 0277-786X, v. 8041

SPIE is an international society advancing an interdisciplinary approach to the science and application of light.

The papers included in this volume were part of the technical conference cited on the cover and title page. Papers were selected and subject to review by the editors and conference program committee. Some conference presentations may not be available for publication. The papers published in these proceedings reflect the work and thoughts of the authors and are published herein as submitted. The publisher is not responsible for the validity of the information or for any outcomes resulting from reliance thereon.

Please use the following format to cite material from this book:

Author(s), "Title of Paper," in *Head- and Helmet-Mounted Displays XVI: Design and Applications*, edited by Peter L. Marasco, Paul R. Havig, Proceedings of SPIE Vol. 8041 (SPIE, Bellingham, WA, 2011) Article CID Number.

Copying of material in this book for internal or personal use, or for the internal or personal use of specific clients, beyond the fair use provisions granted by the U.S. Copyright Law is authorized by SPIE subject to payment of copying fees. The Transactional Reporting Service base fee for this volume is \$18.00 per article (or portion thereof), which should be paid directly to the Copyright Clearance Center (CCC), 222 Rosewood Drive, Danvers, MA 01923. Payment may also be made electronically through CCC Online at [copyright.com](http://copyright.com). Other copying for republication, resale, advertising or promotion, or any form of systematic or multiple reproduction of any material in this book is prohibited except with permission in writing from the publisher. The CCC fee code is 0277-786X/11/\$18.00.

Printed in the United States of America.

Publication of record for individual papers is online in the SPIE Digital Library.

The logo for SPIE Digital Library features the word "SPIE" in a bold, sans-serif font above the words "Digital Library" in a smaller, similar font. To the right of the text is a stylized graphic consisting of three vertical bars of increasing height from left to right, with a curved line above them.

---

**Paper Numbering:** Proceedings of SPIE follow an e-First publication model, with papers published first online and then in print and on CD-ROM. Papers are published as they are submitted and meet publication criteria. A unique, consistent, permanent citation identifier (CID) number is assigned to each article at the time of the first publication. Utilization of CIDs allows articles to be fully citable as soon as they are published online, and connects the same identifier to all online, print, and electronic versions of the publication. SPIE uses a six-digit CID article numbering system in which:

- The first four digits correspond to the SPIE volume number.
- The last two digits indicate publication order within the volume using a Base 36 numbering system employing both numerals and letters. These two-number sets start with 00, 01, 02, 03, 04, 05, 06, 07, 08, 09, 0A, 0B ... 0Z, followed by 10-1Z, 20-2Z, etc.

The CID number appears on each page of the manuscript. The complete citation is used on the first page, and an abbreviated version on subsequent pages. Numbers in the index correspond to the last two digits of the six-digit CID number.

## **SESSION 1 HUMAN FACTORS ISSUES IN HMDS**

---

- 8041 02 **Rise of the HMD: the need to review our human factors guidelines** [8041-01]  
E. E. Geiselman, P. R. Havig, Air Force Research Lab. (United States)
- 8041 03 **Human-machine interface issues in the use of helmet-mounted displays in short conjugate simulators** [8041-02]  
J. E. Melzer, Rockwell Collins Optronics (United States)
- 8041 04 **How much camera separation should be used for the capture and presentation of 3D stereoscopic imagery on binocular HMDs?** [8041-03]  
J. McIntire, E. Geiselman, E. Heft, P. Havig, Air Force Research Lab. (United States)
- 8041 05 **Preliminary experimental results from a dichoptic vision system (DiVS)** [8041-04]  
M. P. Browne, SA Photonics (United States); K. Moffitt, Human Factors Consultant (United States); D. G. Hopper, B. Fath, Air Force Research Lab. (United States)
- 8041 06 **Evaluation of anti-glare applications for a tactical helmet-mounted display** [8041-05]  
J. L. Roll, Oak Ridge Associated Universities (United States); N. J. M. Trew, M. R. Geis, P. R. Havig, Air Force Research Lab. (United States)
- 8041 07 **Virtual reality in a cave: limitations and the need for HMDs?** [8041-06]  
P. Havig, J. McIntire, E. Geiselman, Air Force Research Lab. (United States)

---

## **SESSION 2 HMD COMPONENTS**

---

- 8041 08 **Sensor image augmentation to avoid saturation** [8041-07]  
K. Funabiki, H. Tsuda, Japan Aerospace Exploration Agency (Japan); K. Tawada, Shimadzu Corp. (Japan); T. Yoshida, NEC Corp. (Japan)
- 8041 09 **Transfer alignment from a personal locator system to a handheld or head-mounted instrument** [8041-08]  
L. Ojeda, J. Borenstein, Univ. of Michigan (United States)
- 8041 0A **Active matrix organic light-emitting diode (AMOLED) performance and life test results** [8041-09]  
D. A. Fellowes, M. V. Wood, A. R. Hastings, Jr., R. S. Draper, U.S. Army Night Vision & Electronic Sensors Directorate (United States); A. Ghosh, O. Prache, I. Wacyk, T. Ali, I. Khayrullin, eMagin Corp. (United States)

- 8041 0B **Spatial noise in microdisplays for near-to-eye applications** [8041-10]  
A. R. Hastings, Jr., R. S. Draper, M. V. Wood, D. A. Fellowes, U.S. Army Night Vision & Electronic Sensors Directorate (United States)

---

**SESSION 3 CURRENT HMD DEVELOPMENTS**

---

- 8041 0C **Binocular Scorpion helmet-mounted display** [8041-11]  
R. Atac, M. Edel, Gentex Corp. (United States)
- 8041 0D **Wide field-of-view digital night vision head-mounted display** [8041-12]  
M. P. Browne, SA Photonics (United States)
- 8041 0E **Full-color see-through daylight-readable goggle-mounted display** [8041-13]  
C. D. DeJong, MicroVision, Inc. (United States)
- 8041 0F **Development of a dichoptic foveal/peripheral head-mounted display with partial binocular overlap** [8041-14]  
D. R. Tyczka, M. J. Chatten, J. B. Chatten, Chatten Associates, Inc. (United States);  
J. O. Merritt, The Merrit Goup (United States); H. L. Task, Task Consulting (United States);  
D. G. Hopper, B. A. Fath, Air Force Materiel Command (United States)
- 8041 0G **Head-worn displays for NextGen** [8041-15]  
R. E. Bailey, K. J. Shelton, J. J. Arthur III, NASA Langley Research Ctr. (United States)

---

**SESSION 4 FLIGHT TESTS AND THEATER OPERATIONS**

---

- 8041 0H **Flight tests with enhanced/synthetic vision system for rescue helicopter** [8041-16]  
H. Tsuda, K. Funabiki, T. Iijima, Japan Aerospace Exploration Agency (Japan); K. Tawada,  
Shimadzu Corp. (Japan); T. Yoshida, NEC Corp. (Japan)
- 8041 0I **In-flight evaluation of an optical head motion tracker III** [8041-17]  
K. Tawada, M. Okamoto, Shimadzu Corp. (Japan)
- 8041 0J **Qualification of the scorpion helmet cueing system** [8041-18]  
R. Atac, T. Bugno, Gentex Corp. (United States)
- 8041 0K **The reported incidence of man-machine interface issues in Army aviators using the Aviator's Night Vision System (ANVIS) in a combat theatre** [8041-19]  
K. L. Hiatt, U.S. Army Research Institute of Environmental Medicine (United States); C. E. Rash,  
U.S. Army Aeromedical Research Lab. (United States)

**SESSION 5 HMDS IN NON-PILOTED SYSTEMS**

---

- 8041 OL **Mask-mounted display (MMD) design considerations for diver operating environment**  
[8041-20]  
R. Manley, D. G. Gallagher, W. W. Hughes, C. G. Holmes, Naval Surface Warfare Ctr. (United States)

# Conference Committee

## *Symposium Chair*

**William Jeffrey**, HRL Laboratories, LLC (United States)

## *Symposium Cochair*

**Kevin P. Meiners**, Office of the Secretary of Defense (United States)

## *Conference Chairs*

**Peter L. Marasco**, Air Force Research Laboratory (United States)

**Paul R. Havig**, Air Force Research Laboratory (United States)

## *Program Committee*

**Randall E. Bailey**, NASA Langley Research Center (United States)

**Sion A. Jennings**, National Research Council Canada (Canada)

## *Session Chairs*

- 1 Human Factors Issues in HMDs  
**Paul R. Havig**, Air Force Research Laboratory (United States)
- 2 HMD Components  
**Peter L. Marasco**, Air Force Research Laboratory (United States)
- 3 Current HMD Developments  
**Randall E. Bailey**, NASA Langley Research Center (United States)
- 4 Flight Tests and Theater Operations  
**James M. Barnaba**, Air Force Aeronautical Systems Center (United States)
- 5 HMDs in Non-Piloted Systems  
**Peter L. Marasco**, Air Force Research Laboratory (United States)
